

Call for Invited Sessions

The Steering Board Committee of CSUM (Conference on Sustainable Urban Mobility) is pleased to announce that a call for invited sessions is now open. Invited sessions can be freely organized as workshops, special or standard sessions of the sixth edition of the Conference “**CSUM2022 - Smart Energy for Smart Transport**”, satisfying the following criteria:

- Relevance to CSUM2022 theme and thematic tracks.
- Expected outcomes and conclusions from the proposed session.
- Confirmed speakers and moderators.

The duration of each session is estimated approximately 2 hours. All invited sessions should be open to the Conference participants. Each session will be organized in a standard conference room facilitating up to 100 persons. The program of invited sessions will appear in the Conference Program and will be promoted via the official website.

To express your intention to organize an invited session, please send an email at infocsum@civ.uth.gr, including your proposal as an attachment. The call will remain open till the end of June 2022. For more information, please contact the [Conference Organizers](#).

Looking forward to receiving stimulating proposals.

Yours Sincerely,
CSUM2022
